

**IN THE SPECIFICATION:**

Please amend the specification as follows to correct a numeric labeling error:

Please replace the paragraph beginning on page 24, line 27 and ending on page 25, line 3 with the following replacement paragraph:

In step 306, a graphical program implementing the recorded functions may be automatically generated, e.g., in response to a user request via the user interface. In the preferred embodiment, the step of automatically generating the graphical program is performed by programmatically generating the graphical program. Step 306<sub>[[8]]</sub> may be performed by the prototyping environment or by a different "program generation" program that may communicate with the prototyping environment, such as a graphical programming development application. One embodiment of step 306<sub>[[8]]</sub> is discussed in detail below.
